Every thing goes flying by, Aer o pla ning thru' the sky,
High above the ice and snow, In the clouds is where I'd go;

Oh don't stop but let us drop In to that refrain,
Oh come quick and take me up, Do that dip again,

Push that lever and we're off In that raggy aer o plane.
Start the motor take me up, In that raggy aer o plane.
CHORUS:

Oh that aeroplane rag, Just see that.
